

Activity 2:

Build your own bakery!

Roly-Poly visits your bakery, looking for goodies to pack in her picnic basket. What treats will she pack? Choose your own goodies, build a bakery, let's taste!

Printables in your pack include:

- x1 A4 sheet bakery (basic backdrop)
- x1 A4 sheet of characters and items

Instructions:

1. Print out both sheets.
2. Cut out the characters and items.
3. Paste them and build a new bakery!

Options:

- Cut out the characters and items to glue onto the bakery.
- Alternatively, the characters can be printed on vinyl paper. These can then be cut out and used as stickers in the bakery or elsewhere.
